Introduction to Safety Management Systems provides an excellent introduction to understanding how an effective SMS works and introduces the concepts of safety culture and demonstrates an effective framework for a safe working environment. In this course we cover the four pillars of SMS: Safety Policy, Safety Risk Management, Safety Assurance, and Safety Promotion.

For Part 135, Part 125, and Part 91 pilot training, our Introduction to Safety Management Systems course provides essential training for all levels of an organization.
